Long Jetty Foreshore Reserve

About

Long Jetty is appropriately named as it features three extremely long jetties spanning out over the shallow waters of Tuggerah Lake. The foreshore reserve has many amenities to make it a comfortable and scenic place for a BBQ, walk or simply to enjoy the vast views across the lake.

The lakeside pathway lines the eastern foreshore of Tuggerah Lake and runs between The Long Jetty and Saltwater Creek.

Overview

A beautiful span of green space lines the eastern foreshore of Tuggerah Lake. Long Jetty Foreshore Reserve features a shared pathway designed for strolling, cycling, skating or jogging, and hosts the Long Jetty Markets once a month. Grab a picnic spot by one of the lakeside public BBQs, with three long jetties and a children's playground to explore before the family spread is served.

Experiences include:

- Lakeside tree-lined walks taking in three jetties
- Outdoor shower/foot wash
