ACTIVATE EDUCATE CELEBRATE

The Lakes Festival is a celebration of our waterways like no other. 10 HUGE DAYS back from Friday 7 to Sunday 16 November 2025!

Do you have an exciting idea?! We are calling for Expression of Interest (EOI's) for festivals, sporting events, art events, outdoor installations, workshops, activations and/or community events to be held on or around the Central Coast waterways. Let your imagination run wild!

Successful ideas will form part of the festival's 10-day program and will benefit from a full marketing campaign and be listed in our digital and printed program.

There are also Event Innovation Funding opportunities available for events that meet the appropriate criteria.

SUSTAINABILITY

The Lakes Festival has officially completed the national Strive 4 Sustainability Scorecard with Ecotourism Australia!

We're on a journey to create a more sustainable event for the Central Coast. This Scorecard has helped us to measure where The Lakes Festival sits on its sustainability journey, aligned to the four pillars of sustainability impacts: environmental, socio-economic, cultural, and sustainable management.

The Central Coast is also one of the first few Australian ECO Destinations, certified by Ecotourism Australia, and The Lakes Festival welcomes ideas and activations that help us to promote our community connected by culture, place, and a love of nature.

This is a huge learning milestone for us, as we continue to educate our community and guests about the Central Coast's waterways.
